Bellows Free Academy is committed to ensuring all students become informed, literate, critical thinkers who demonstrate responsible social and civic behaviors.

SCHOOL AND COMMUNITY

Bellows Free Academy - Fairfax (BFA-Fairfax) is a comprehensive PreK-12 school system with approximately 974 students of which **298 are in grades 9-12**. The system consists of three levels: elementary, middle and high school. Each level has its own unique curriculum for the developmental stage of the students. The curriculum is aligned with National Standards (i.e. Common Core, C3 and NextGen Science) for scope and sequence. BFA-Fairfax is located in a small Vermont community with a population of approximately 5100. It is situated 30 miles northeast of Burlington, Vermont's largest city. Residents are employed in small business and agriculture and commute to positions in manufacturing, business, education and the professions in the Greater Burlington Area.

ACADEMIC PROGRAM

In accordance with the State of Vermont law, students in the Class of 2020 and beyond will need to meet our Proficiency-Based Graduation Requirements in order to graduate. Each content area has determined specific skills that are essential for students to know, understand, and be able to do within their discipline. Proficiencies are broad categories. Examples include Geometry, Writing, Historical Inquiry and Analyze & Interpret Data. Each Proficiency is further defined by a set of Indicators that provide additional detail regarding what students should know, understand and be able to do. Content Indicators and Transferable Skills (life and career skills that are essential outcomes for students) are clearly specified for each learning activity. Learning Scales define learning and map growth toward Proficiency. Feedback, reflection, and formative assessments inform instruction prior to summative assessment. Click the link below for more information about proficiency - based learning at BFA-Fairfax.

<https://sites.google.com/fwsu.org/bfa-fairfax-proficiency-guide>

The academic format is based on a four-by-four block scheduling system. All classes meet daily for 75 minutes. Most classes are one semester in length while some are full year. **AP** courses are offered in English Language, English Literature, U.S. History, Government & Politics, Psychology and Calculus AB and Biology.

BFA - Fairfax is committed to offering a wide variety of learning opportunities for our students. Students may enroll concurrently in local college courses for high school and college credit(s). Sophomores, juniors and seniors have the opportunity to enroll in technical education programs at Essex (CTE) and Burlington (BTC) technical centers. The students who enroll in technical programs must complete BFA graduation requirements and tech program requirements. Students may also gain proficiency through: Do Unto Others (DUO) program designed for community service opportunities, online courses through Vermont Virtual Learning Collaborative (VTVLC) and PLATO Online. Also through Independent Studies (IS).

COVID IMPACT

Spring 2020-With the closure of our district, beginning March 18th, students moved to a fully remote learning environment. Additionally, with the closure of our district, all spring sports and co-curricular activities were cancelled. Students were unable to participate as they had previously planned.

2020-2021 -In adhering to the COVID-19 guidelines set forth by the VT Agency of Education, our 21-22 school year followed the Hybrid model in which students attended school in person two days a week and learned remotely three days a week. Families with a medical need were offered a fully remote option. Sports seasons were offered while some co-curricular activities, such as drama, were not able to happen as planned.

Fall 2021- We have begun the school year with 5 days of in person instruction. All sports and co-curriculars are being offered. Students' learning may still be impacted by the need to quarantine and/or remain home when sick.

GRADUATION REQUIREMENTS

Students must demonstrate proficiency in the following areas:

- English Language Arts
- Math
- Science
- Global Citizenship
- Phys. Ed. & Health
- Artistic Expression
- Transferable Skills (Clear & Effective Communication, Self-Direction, Problem Solving, Responsible & Involved Citizenship & Integrative Thinking)

RECOMMENDED COURSES

To ensure that BFA students have the opportunity to meet our Proficiency-based Graduation Requirements, we strongly recommend the following courses:

- 3 Science Courses
- Freshman STEM (Math 1), Math 2, Math 3
- 4 English/ELA Courses
- 4 Global Citizenship/Social Studies Courses
- Health, PE 1, PE 2
- Two courses in Artistic Expression (Visual, Music, or Performing Arts)

GRADUATION WITH DISTINCTION

Students have the opportunity to graduate with distinction in the following areas by completing certain course and extracurricular requirements: *STEM, Arts, Humanities, Leadership, Renaissance & Career Readiness*

EXPLANATION OF TRANSCRIPT AND GRADING SYSTEM

PROFICIENCY GRADE SCALE

Proficiency Score	Proficiency Level	Conversion to Traditional Scale
3.6-4	Extended	A+
2.6-3.5	Proficient	B+ to A
1.6-2.5	Making Progress	C to B
1-1.5	Insufficient Evidence	F to D

Content Area Overall Proficiency Levels: Located on the left side of the first page of the transcript indicate the current, cumulative proficiency level by content area.

Cumulative Overall Proficiency Level: Located on the right side of the first page of the transcript. This is an overall average of the content area proficiency levels. **This is not a GPA and should not be viewed on a traditional 4.0 scale.**

Course and Content Area Proficiency Levels by Year: Located on the second page and organized by year. Course proficiency level is the overall proficiency level for that course. Content area proficiency level is overall proficiency level for all courses taken in that content area that year.

Class Rank: BFA-Fairfax does not use class rank.
Weighting: Classes at BFA-Fairfax are un-weighted.

CLASS OF 2022 in NUMBERS

Number of Students in Class: 83

Highest Overall Proficiency Level (as of Oct 2021): 3.7
 Average Overall Proficiency Level(as of Oct 2021): 2.9

Mean SAT Score 1043
 (Spring 2021 SAT. 41 test takers included in this mean)

Percent of Class of 2022 who took AP Exams
 (Spring 2021): 39%
 (Percent Earning "3" or better: 68%)

Percent of Class of 2022 who have taken at least one Dual
 Enrollment College course: 43%

Percent planning to attend college: 63%
